EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Robert Scott on November 9, 2006.

The application has been amended as follows: Claims 44-46 are canceled.

The following is an examiner's statement of reasons for allowance:

Claims 16, 18-22, 24, 26 and 38-43 are allowed over the prior art.

With respect to claims 16, 20, 24, 38 and 41, the most relevant prior art of record, such as Turcotte et al and Jasper et al, teaches independently selecting a data rate for each data packet where the data rate may change on a slot by slot basis and broad antenna beams for low demand areas or small, concentrated beams for high demand areas, wherein the beams are dynamically adjustable. The prior art applied fails to teach or suggest rapidly altering the size of said first communication cell from said first size to a second size during the second group of the assignable set of communication slots and from said second size to said first size during the first group of the assignable set of communication slots, by adjusting one or more beam forming parameters associated with the one of the plurality of RF beams, in combination with all the recited limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bryan J. Fox whose telephone number is (571) 272-7908. The examiner can normally be reached on Monday through Friday 9-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph Feild can be reached on (571) 272-4090. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
